DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art shows hinges including a frame hinge flap, a door hinge flap, and an insertion pocket that are shaped and arranged to be located within one of a recess of the door or door frame when the door is closed, so that the hinge is completely invisible when the door is closed (Parsons, Anderson). The prior art also shows hinges with multiple adjustment arrangements (Ferrari '164, Lautenschlager). Further, the prior art shows insertion pockets comprising internal and external tabs (Schwarz, Maggart, Di Fazio). However, the prior art does not show all of the above elements in combination with each other, and further where external tab includes an adjustment bolt with a rotatable eccentric cam cooperating with a fitting flange of the door hinge flap, and where the internal and external tabs are connected with set screws being operable to adjust a position of the external tab and the door hinge flap relative to a surface of the door.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Kyle whose telephone number is 571-272-7057. The examiner can normally be reached on Monday - Friday, 8:30 am - 5:00 pm.
